CATWALK

A Film Preview Presentation and Panel Discussion About Dreams and Possibilities

CATWALK is a unique film project and fashion show to be presented during New York Fashion Week 2019, featuring models that don't usually walk the runway.

Rather, we will meet a group of people who are challenging the way we think about ability and beauty.

Please join us for a preview presentation of CATWALK and a panel discussion on the universal rights and talents of people with intellectual and developmental disabilities.

Thursday, September 12, 2019
10 am to 12 pm
(followed by a light lunch)
